

*2012 Gattefossé Canada CSPS Award in Lipid-Based
Drug Delivery*

Gattefossé Canada is once again pleased to support scientific research in the field of Lipid-Based Drug Delivery. For 2012 the Lipid-Based Drug Delivery Award will consist of the following:

Plaque & Monetary Award of \$2500 for the best research paper in the area of lipid chemistry and/or the role of lipids in drug delivery published by a graduate student within the last three years (2009 onward). *Note: Only one Research Paper from each laboratory will be eligible

The award will be presented during the annual CSPS Symposium held this year in Toronto, Ontario in June 2012.

All related questions/inquiries can be directed to Dr. Kishor M. Wasan (kwasan@interchange.ubc.ca)

Applications should consist of a published manuscript from the past 3 years.

Decisions will be made by a committee comprised of researchers with expertise in the area of lipid chemistry/drug delivery and the awardee will be required to present a poster of his/her work at the CSPS Symposium

Application Deadline is March 1st, 2012.
Please submit your application directly to Ms. Bev Berekoff
bberekoff@cspscanada.org
