Registration opens in early February.

BIOEQUIVALENCE WORKSHOP DRAWS A CROWD TO OTTAWA

Wind and rain didn't dampen the enthusiasm of the attendees to hear about TPD Regulations, Guidelines: Current and Expected Developments; Challenges in Bioequivalence Assessment; Outliers [Nonparametric Analysis, Re-dosing of Outliers], Drugs with Nonlinear Pharmacokinetics from Health Canada speakers. Industry speakers presented their concerns and Barbara Davit of the FDA took part in the discussions.

Participants remained right to the end as the panelists were peppered with questions.

Copies of the presentations can be found in the "members" area of the CSPS website.

CSPS "PINS" FIRST TWO "FELLOWS"

Although Mo Jamali and Iain McGilveray were awarded certificates for being the first *CSPS Fellows* at the June Symposium, they did not receive their special pins until December 3rd at the Bioequivalence Workshop in Ottawa. The pins are sponsored by *Watson Pharmaceuticals* and were the brainchild of *Robert and Elizabeth Vadas*.
