

Arshia Ghani

Arshia Ghani has over twenty years' experience in the Pharmaceutical Industry and at Health Canada's Therapeutic Products Directorate, in various areas of the Canadian regulatory environment. During the past 19 years at Pfizer, she has held positions of increasing responsibilities within Regulatory Affairs across multiple therapeutic areas.

As part of Pfizer's corporate philanthropy platform, Global Health Fellows Program, Arshia spent 6 months in New Delhi, India working on policy and advocacy initiatives related to maternal and infant health and nutrition with CARE (non-profit organization).

Arshia received her B.Sc. from the University of Ottawa and has completed her regulatory affairs certifications by the Regulatory Affairs Professionals Society.
