

Raimar Löbenberg

Dr. Löbenberg holds a BS in pharmacy from the Johannes Gutenberg-University in Mainz, Germany. He received his PhD in pharmaceutics from the Johann Wolfgang Goethe-University in Frankfurt for his work with pharmaceutical nanoparticles.

He joined the University of Alberta in 2000.

His research interests are in Biopharmaceutics to predict the oral performance of drugs and botanicals and inhalable nanoparticles to treat lung diseases like lung cancer and tuberculosis.

He is founder and director of the Drug Development and Innovation Centre at the University of Alberta. He was president of the Canadian Society for Pharmaceutical Sciences 2014-2015. He is member and vice chair of the United States Pharmacopeia Dietary Supplement Expert Committee. He is vice chair of the Specialty Committee of Traditional Chinese Medicine in Pharmaceutics of the World Foundation of Chinese Medicine Science. He is member of the Health Canada Scientific Advisory Committee on Pharmaceutical Sciences and Clinical Pharmacology and the Advisory Committee on Opiate Abuse.
