

Susan Lum

Dr. Susan Lum is currently a Team Lead within the Bureau of Pharmaceutical Sciences, Therapeutic Products Directorate, Health Products and Food Branch, Health Canada. She is a Canadian-qualified practicing pharmacist, and earned her B.Sc.Pharm., M.Sc. in polymers and controlled drug delivery and her Ph.D. in pharmaceutics at the University of Toronto.

Prior to joining Health Canada, she was employed within the pharmaceutical industry for over a decade at a number of multinationals, providing technical and strategic oversight on new drug projects with challenging molecules and on new technologies and platforms from concept to launch.

Dr. Lum was awarded the Ebert Prize and is the author or co-author of a number of peer-reviewed research papers, abstracts, a patent and a book chapter (Drugs and the Pharmaceutical Sciences series). She previously served on the American Association of Pharmaceutical Scientist's Pediatric Formulation Task Force.
